Dear Prospective Offeror:

This is to notify you of a correction we have made to the Fort Stewardship Project Advertisement.

Currently the Technical Proposal Template contains the following sub-factor under (iii)
Utilization of Local Workforce;

(E) Small Businesses. Offerors who are small businesses or utilize local small business product manufacturing will be given a higher rating. A small business concern is a concern primarily engaged in the logging or forest products industry, is independently owned and operated, is not dominant in its field of operation, and together with its affiliates, does not employ more than 500 persons.

This project will not be evaluated on this sub-factor.

If you have any questions you may contact me at 541-947-6249.

Sincerely,

Judd Lehman
Contracting Officer
